

## U3A Computer Help Sessions- Topics - October 2017 →

Topic	Possible content
<b>What comes free?</b>	What programs come <b>free</b> with your computer/tablet ? Do you use these and are they any good?
<b>Gathering Information</b>	Tips and tricks - Search engines What do you do with it once you've got it?
<b>Learning and study</b>	Using your computer as an aide not the only option
<b>Making sense of Emailing</b>	Snowed under, out of control, contacts and calendar need reviewing?
<b>Alternatives</b>	What alternative products are around for <b>free</b> that match and are often better than the big guns. Horses for courses.
<b>Security Issues</b>	Not just Malware ...think on.
<b>Literature</b>	What's available and how do I get it.
<b>Entertainment</b>	TV, Radio, Films and Games. Are these the only entertainment provided by having a computer?
<b>Lean and Mean</b>	Spring clean your computer, everywhere.
<b>The Internet of Things</b>	What!?
<b>World Wide Web</b>	Is it? Show me!

These are just a few topics I thought might be interesting to look at for a short while each session.
