

STAR GROUP CHRISTMAS QUIZ

On Monday 3rd December STAR Group will be holding a Christmas Quiz at The Methodist Church in Selby Lane at 2-00 PM.

You can play as either an individual or as a team but the teams must be limited to no more than three people in a team in order to restrict the advantage gained over those playing as an individual.

If you would like to join a team but do not know who to contact then call me (**Chris Mason**) on **0115-846-0821** or by e-mail at christhedad@hotmail.co.uk and I will put you in touch with others in order to help you to make up a team. The aim will be make this a light-hearted fun event in the run-up to Christmas.

The questions will be a mixture of Scientific/Technology based but with a Christmas twist and prizes will be given at the end of the session.

This session will be split into two halves. The first part will be the Questions. Then we will break for tea/coffee and Christmas bites.

Then the second half of the session will reveal the answers and prize giving.

If you are a member of **Keyworth and District U3A** but have not been to a **STAR** (Science, Technology and Research) **Group** meeting before then you are eligible to come along and join our regular members in this Christmas Social Event.

I would like to take this opportunity to thank **all** those who have helped me to run this Group for the last five years or more. In particular to **Graham Payne** for setting the equipment up each week. To my wife, **Linda**, and to all those who help her in the kitchen and to **Olivia Styles** for supporting Linda on the front desk. My thanks also to **David Highley** for helping me to provide speakers on so many occasions.

If you are planning to attend this event could I, please, ask you to bring a pen, pencil or something to write with..... Answer sheets will be provided on the day.

K&D U3A Science, Technology and Research (STAR) Group Leader: Chris Mason
