

STAR PROGRAMME 2016

Monday 7th March 2016 2-00 PM in the Keyworth Methodist Hall:

Paul Roebuck will be giving a talk called 'The Chemist's War'.

Monday 4th April 2016 2-00 PM in the Keyworth Methodist Hall:

Dr Bob Leake will be giving us a talk with the Title 'Gold in Britain and Ireland from the Bronze Age till the present'.

Monday 2nd May 2016:

NO STAR MEETING – MAY DAY BANK HOLIDAY

Monday 6th June 2016 2-00 PM in the Keyworth Methodist Hall:

Andrew Bloodworth will be giving us a talk with the Title 'The secret life of the mobile phone'.

Andrew is the Science Director of Minerals & Waste at the British Geological Survey. His talk will explore issues relating to the supply of many exotic metals that are used in mobile phones.

Monday 4th July 2016 2-00 PM in the Keyworth Methodist Hall:

Tony Malins will be giving us a talk with the Title 'Wind Generators, Love them or Loathe Them'

This is based on Tony's 40 years experience in the Supply Industry. His talk will ignore the politics and present the facts in relation to the role of Wind Farms as a feasible alternative to fossil fuels.

Are we wasting too much electrical energy?

Is there a real risk the Lights will go out?

Bring a match and Candle – just in case.
