

Hello David,

For November's walk I would like us to do a Gotham circular. We can park by the Parish Church (St Lawrence) and eat afterwards at The Sun Inn, which is opposite the church.

There is a steep, sustained hill after about 2/3rds of a mile but we can take it in stages. Once negotiated the views are stunning. Overall the walk I did, last Thursday, was I guess about 3 1/2 miles but this can easily be shortened to a bit less than 3 miles by chopping a bit off the end. I may do this, in any case, if it is wet underfoot, as the final section in the longer version has a grassy downhill section that could prove treacherous.

The pub doesn't usually do food on Tuesdays but will do so for us – I said I couldn't guarantee numbers but would hope for at least 10 or 12, and he was happy with this. How did you do in October for numbers?

Anyway, hope this is OK.

Best wishes,

Bill
